#05-01 Liat Towers. Tel: 6734-3788

Part of the TungLok Group, this Chinese-vegetarian standard has long been a favourite with extended families. But forget tacky mocked meats heaving with gluten — this place has been given a good spruce-up in recent years. Now, the menu artfully lists modern haute-Chinese offerings like Crispy Wild Mushroom served with aeroponic vegetable salad, nourishing soups, and the multi-textured Vegetarian Satay. Ideal place for treating veggie-chomping relatives. 💰💰
